

# 8" Video Player

The HE-8 Video Presenter is the ideal and cost-effective medium. The individual presentation of your products or exhibits is uncomplicated and can be put into practice immediately. Supported technologies are video, audio, and Photo Slide Show. The exchangeable and printable front frame adjusts the outward appearance of the video-presenter to its environment or to the product that is to be advertised. Miscellaneous pedestals and screen blinds are deliverable on request.

## Areas of Application and Operation

- Solid State Player for use in Retail and Shop applications
- Digital Video or Photo Frame
- Compact Solid State Player for museum and exhibition
- Amusement station for kids
