

Video presenter HE-VP-8

With regard to the museum, exhibition and retail business, the HE-VP-8 video presenter is the ideal and cost-effective medium. The individual presentation of your products or exhibits is uncomplicated and can be put into practice immediately. Supported technologies are video, audio, and photo slide show. The exchangeable and printable front frame adjusts the outward appearance of the video presenter to its environment or to the product that is to be advertised.

Miscellaneous pedestals and screen blinds are deliverable on request.
